

VTEST ENGLISH

LISTENING & READING WORKPLACE SAFETY

VTEST ENGLISH EXAMS

VTEST English exams accurately place candidates across a 10-level CEFR scale.

The Common European Framework of Reference for Languages (CEFR) is an internationally recognized standard for describing language proficiency in all four skill areas: listening, reading, speaking, and writing.

VTEST English exams are aligned with other well-known English language assessments including TOEIC, TOEFL, and IELTS, and with other language standards and frameworks including ALTE, GSE, and NRS.

We advise VTEST score users to ask for VTEST scores no older than 2 years.

BENEFITS

- > The VTEST ENGLISH – LISTENING & READING - WORKPLACE SAFETY test allows employers to easily and confidently make decisions based on candidates' English proficiency. The test covers **workplace safety** and everyday situations typically encountered in food, chemical, and other industrial plant environments. Examples include understanding and following instructions, recognizing signs, naming the main materials present at the workplace or job site, identifying and naming safety equipment, and using safety-specific terms and vocabulary.
- > Optional video and writing interviews can provide score users with additional customized proficiency demonstrations.
- > Scores are delivered instantly or within 48 hours, if a human review is required.
- > Strong user experience: Interface in 20+ languages.

TEST INFORMATION

- > The VTEST ENGLISH – LISTENING & READING - WORKPLACE SAFETY test assesses the following skills: listening, reading and vocabulary.
- > The test is a multistage adaptive test designed to measure proficiency levels from beginner through to advanced levels (A1–C2). The test progresses through increasingly more difficult stages and ends when candidates have reached their maximum level.
- > The exam is not a pass or fail test and there is no penalty for wrong answers.

ADMINISTRATION

- > Secure online proctored with no appointment needed for high-stake examination.
- > On-site proctored sessions when required by an institution.
- > Online standard for low-stakes exams.
